## 9:00AM CHECK-IN ~ 2:30 PM PICK-UP

Check-in happens in **Crossfire**. When you check-in, our staff will do the required health screening. One of the first things we do at Wapo One Day is head to the beach! Feel free to send your camper in their swimsuit or have them change right before they check in. We'll store their dry clothes and belongings in a safe place to change into after swimming/beach time. You can pick up your camper at the **Art Shop at 2:30**.

**If your camper will need to take medication while at camp, please let us know ahead of time by emailing [nataliep@campwapo.org](mailto:nataliep@campwapo.org)**

## SEVERE WEATHER

We have designated storm shelters for all our guests and protocols in place if severe weather occurs. Weather conditions are carefully monitored. We will notify parents when appropriate via email, phone and/or social media.

## HEALTH & WELLNESS

Our highest priority is always to ensure a safe and healthy environment for our campers and staff. We have created protocols, in accordance with the best practices and guidelines from the CDC, ACA, local health authorities, and other medical professionals. We will remain in step with best practices and adjust our protocols as necessary. Our protocols contain many layers, which we feel will help provide safe spaces, and allow for fun and faith formation to take place at our camps.
