Oct 11-13, 2024
Grades 6-9

And I pray that you, being rooted and established in love, may have power, together with all the Lord's holy people, to grasp how wide and long and high and deep is the love of Christ." – Ephesians 3:17-19

Thank you for choosing Encounter for your group! Encounter is a fully programmed retreat designed for Youth Workers to bring their youth group out to camp and not have to worry about leading program. Groups will provide their own cabin chaperones for this retreat. Your group will have lots of time to explore how wide, long, high and deep is the love of Christ for us. Together we'll discover how we are called to live this out in our world today.

Bring and have available a list of participants that includes; their names and addresses, emergency contact names and numbers, all known allergies or health conditions, and any restrictions or special needs requiring accommodation while at camp

In case of accidents or injuries occurring at camp, you must notify the camp if; an injury directly resulted from camp property or facilities; camp property or facilities were damaged in the incident; or when local emergency services were called to camp.

Leadership & Supervision

Our camping organization is committed to the health, welfare and safety of children, and all guests. For this reason, we strongly urge you to create a supervision policy to safeguard individuals in your group. Here is a portion of our supervisory policy for our summer staff. Feel free to adopt and modify to your situation.

Staff are trained to avoid situations where a counselor and camper are alone. Our camping organization does promote one-on-one faith conversations between the counselor and camper, but they must always be done in full view of normal camp activities. Camp provides many picnic tables, dining tables, benches, etc. around the site for faith formation or personal conversations to take place in a supervised setting.

Our facilities provide access to private changing/showering/toilet areas. It is our expectation that counselors promote the use of those designated areas to avoid one-on-one situations with a camper. Our program is designed for kids to be with their cabin groups throughout the day. During free time kids and staff/adult leaders are required to be outside in plain view. In the event of inclement weather, supervised activities occur indoors.

Camp staff will lead & supervise all specialized activities (i.e. ropes course, waterfront activities). The person in charge, as indicated on the contract form, will be responsible for informing the group of the camp's rules and recommendations, ensuring that facilities and equipment are cared for, and that all rules and policies are enforced.
